To Whom It May Concern,

I highly recommend Hannah Hizer, who was a student teacher in my second grade classroom at Franklin Regional Primary School during the 2025-2026 school year. Throughout her time with our class, she consistently demonstrated that she is an effective and dedicated teacher.

Hannah is exceptionally organized and professional in all aspects of her work. She arrived each day well-prepared, with thoughtfully planned lessons and materials ready to support student learning. Her strong time management skills and reliability ensured that instruction ran smoothly, and she consistently met all responsibilities and deadlines with ease.

In the classroom, Hannah created a positive and engaging learning environment that was specific to the needs of our second grade students. She has a natural ability to build meaningful connections with students, fostering trust and encouraging active participation. Her warmth and genuine care for each child helped them feel supported both academically and socially.

Our classroom included a diverse group of learners, several of whom have significant behavioral and social-emotional needs, and Hannah consistently demonstrated the patience and professionalism necessary to support them effectively. Her proactive classroom management contributed to a positive learning environment for all students. Her ability to anticipate a reaction allowed her lessons to run smoothly, even when there was a disruption.

Hannah demonstrated strong instructional practices, presenting lessons in clear, engaging ways that were appropriate for a range of learning styles and developmental levels. She was attentive to student needs, adjusted instruction as necessary, and maintained a structured yet flexible classroom environment.

Additionally, Hannah worked collaboratively with staff and communicated effectively with both colleagues and students. Her professionalism, punctuality, and positive attitude made her a valued member of our school community.

I am confident that Hannah will be an excellent addition to any elementary school. She brings dedication, enthusiasm, and a strong ability to connect with young learners. I highly recommend her without reservation.
